

# FRANKLINTON INFANT MORTALITY PROFILE

Where we live, learn, work and play has an impact on our health and the health of babies in our community.

**CelebrateOne** works with community leaders and residents in eight high-priority neighborhoods to make them safer and healthier for moms-to-be, babies, and families.

**6**

No more than  
6 infant deaths  
per 1,000 live  
births!

**1/2**

Cut the disparity  
gap between white  
and black infant  
mortality in half!

Every baby deserves  
to celebrate his or her  
first birthday.

## HEALTHY BABIES NEED HEALTHY NEIGHBORHOODS

Health is also related to the conditions where we live, learn, work and play. Health is quality schools, good jobs, safe places, decent housing... All of this and more determine the health of our neighborhood and babies.
